

THE FOUNDATION STONE

Thank You Machines

Why "Thank You Machine," rather than Tzedaka Box? We place money in a Pushka in habit or obligation, and often experience the Mitzvah as complete. However, we can take each gift we receive from God as a seed to plant so that more good will grow. A wonderful davening or a successful business deal, a special learning or unexpected monetary relief, a treasured Shabbat, a moment of special connection with a child, or, a Mitzvah that leaves us inspired, are all seeds that can be planted in this world and the next with a Thank You to Hashem for the gift. "I want the gift to lead to more!"

A Thank You Machine is our way of planting Hashem's gifts to us so that we can, "enjoy the fruit in this world, and whose principal remains intact in the World to Come."

Rabbi Simcha Weinberg
